Website Maintenance Services

These are the services that I will take care of in the two plans I offer

Basic maintenance service (£25/month):

- hosting the website with a professional plan

- secure, daily back-ups in several different locations

- updating the plugins and any code

- minor content updates such as text, images, blog posts etc.

- website uptime monitoring

- website security monitoring

- page speed optimisation

Advanced maintenance service (£50/month):

- everything in Basic

- SEO optimisation and monitoring

- keyword tracking

- performance analytics

- link monitoring

- a monthly report of the website's performance

- bigger redesigns for pages or sections
